

# Lagoon

Servomuto

MEDIUM - SMALL - LARGE

Lagoon, la nuova collezione di lampade outdoor disegnata da Servomuto. La collezione trae ispirazione dal rigore e dalla semplicità della Typha, pianta tipica delle zone paludose che caratterizza gli argini di fiumi e laghi. Come la pianta, anche la collezione Lagoon presenta tre altezze differenti - small, medium e large - con struttura in laccato nero opaco e dettagli in rame, che permettono alle lampade di vivere in gruppo creando una sorta di “foresta luminosa”.

Come di consueto nei progetti di Servomuto, i paralumi dalla forma lineare ed essenziale sono rivestiti in tessuto Pierre Frey, disponibile in tre differenti finiture, Noumea Goyave, Bayamo Mimosa e Dominica Caraibes.

*Lagoon, the new collection of outdoor lamps designed by Servomuto. The collection is inspired by the vertical lines and simplicity of the Typha plant, typically found in marshy areas on the banks of rivers and lakes. Like the plant, the Lagoon collection also has three different sizes – small, medium and large – with a matt-black lacquered structure and copper details, which allow the lamps to be grouped together, creating the impression of a “luminous forest”.*

*As usual with Servomuto’s projects, the lampshades have a linear and minimalist form, and are covered in Pierre Frey fabric. They are offered in three different finishes: Noumea Goyave, Bayamo Mimosa and Dominica Caraibes.*
