

Flexiled

King & Roselli

FL

AP L60

AP L90

An iconic Contardi model, Flexiled is available in "STEEL" version and in "LEATHER" version: in the first one the flexible arm is covered with a braided steel mesh, then wrapped in a transparent sheath. In the second one it is covered by leather with double stitching on the sides. Flexiled is characterised by high quality standards, starting with the use of a flexible brass arm (12 mm diameter),

which guarantees solidity and absence of squeaking even after prolonged use. A high level of engineering and dissipation of the LED make sure that the temperature on the lamp head remains within the correct limits even after 24 hours of uninterrupted use. Easily "customizable" in leather colours, arm length and shape and the wall plate finish.
