

# Tenebra

Jan Van Lierde

SO

SO BATTERY

Tenebra is the first IP65 rechargeable battery suspension lamp of Contardi outdoor collection. Available in two different variants: Tenebra with spot light without diffuser and Tenebra Crystal with diffuser in "synthetic crystal". Tenebra Crystal is characterised by the synthetic crystal diffusers that give colour and three-dimensionality to the light. Available in battery-powered or wired versions, the battery-powered version, with

about 9 hour autonomy, can be recharged through a USB type-C port commonly used for latest-generation smartphones and tablets. Supplied with accessories and steel cable to be "hooked" and installed in a wide variety of contexts, from a tree branch to a pergola arbour rather than an outdoor tent. Switch by the pressure of the tube.
